With edison365projects, manage all project financials in one location including budget, forecast and actuals as well as income, benefits and ROI.

A word from our customers

"We had a pretty good foundation in place for project management and we were looking to take it to the next level. Microsoft Project Online got us there and now, with the edison365 suite added on, I'm in love!"

Gail Strausser, Application Manager, The Guthrie Clinic

"We identified \$1M of lost revenue per annum through the collection of ideas submitted through edison365ideas."

Ben Chandler, Chief Innovation Officer, Haley & Aldrich

"With edison365 we can take an idea and turn it into a business case and subsequently a turnkey solution on the same collaboration platform."

Tomas Dahlberg, Innovation Manager, SWEP

"Because edison365projects guides project managers through the main steps with configurable forms, it enforces the process and takes some of the burden away which helps productivity and efficiency."

Stephen Williamson, Global Project Director, Essentra
